

# COMMITMENT STATEMENT CODE OF CONDUCT

SWIMMING VICTORIA  
COMMITMENT STATEMENT  
CODE OF CONDUCT  
NOVEMBER 2016

## INTRODUCTION

A brief guide has been developed to provide an outline of your responsibilities to help keep our sport safe. This booklet summarises the expectations that Swimming Victoria has of all of its participants, be they athlete, coach, parent, spectator, official or administrator as well as the processes we will apply to any alleged failure to meet that responsibility.

To assist you we have used some general terms which are intended to paraphrase some of that document. Where there is any inconsistency with it the Safe Sport Framework will take precedence.

The guide also takes into account and makes reference to the Child Safe Standards that apply to all sporting organisations that operate and provide sporting services to children within Victoria from 1 January, 2017.

In particular this booklet is not intended to be nor should it be relied on as a complete statement of your responsibilities or a substitute for reading and understanding the Swimming Australia Safe Sport Framework, the Victorian Child Safe Standards or obtaining your own advice as to your responsibilities.

## WHY DO WE DO THIS?

Swimming is part of Australia's DNA. Whether people swim for competitive, recreational, health and wellbeing or leisure purposes, swimming benefits many Australians. We want swimming to be fun, enjoyable and safe for all.

Unfortunately, like many other sports and activities in society, poor conduct by one person can negatively impact the health and safety of others potentially resulting in profound psychological and/or physical damage. This is particularly so in relation to young people. For that reason these risks must be minimised to every extent possible.

All of us in the Australian swimming community have a role to play in ensuring that we keep our proud sport as safe and enjoyable as possible. We must proudly stand behind high behavioural standards in our sport and hold others to these standards too.

## OUR VALUES

Whilst the wording of stated values and behaviours may change depending on the team or organisation within Swimming with which you are associated, there are some key principles that drive our conduct and behaviour which are common across our sport:

### *Integrity and Respect*

We recognise the contribution that people make to sport, treat them with dignity and consideration, as well as being fair in our decision making.

### *Teamwork*

We collaborate and work together to achieve outcomes and resolve issues in and out of the pool.

## ***Fun and Enjoyment***

We recognise and reward the efforts of others and fuel the passion for everyone in our sport so they may have fun along the way.

## ***Excellence***

We strive to achieve the highest of standards in order to achieve the best possible outcomes for ourselves, our team and our sport.

That is why we take seriously our obligation to educate and inform everyone involved in our sport of their own responsibility to:

Swimming Victoria takes our legal responsibilities seriously, including:

**Failure to disclose:** Reporting child sexual abuse is a community-wide responsibility. All adults in Victoria who have a reasonable belief that an adult has committed a sexual offence against a child under 16 have an obligation to report that information to the police.<sup>1</sup>

**Failure to protect:** People of authority in our organisation will commit an offence if they know of a substantial risk of child sexual abuse and have the power or responsibility to reduce or remove the risk, but negligently fail to do so.<sup>2</sup>

Any personnel who are **mandatory reporters** must comply with their duties.<sup>3</sup>

<sup>1</sup> A person will not commit this offence if they have a reasonable excuse for not disclosing the information, including a fear for their safety or where the information has already been disclosed.
