

# Club Championship

The PRSC Club Championship is a way to incentivise participation in club activities and external competitions as well as reward swimmers who continually work hard to improve their swimming.

There will be 2 categories: a 13&U Club Champion and a 14&O Club Champion. The winners of each category will be announced and awarded at our annual presentation night. The winners will be chosen based on points obtained during the period immediately after and before the next yearly presentation night.

The point allocations are as follows:
